

ROCKET ESPRESSO PRESENTS

ROCKET NOW

Rocket Espresso launches the Rocket NOW, a special issue machine designed with precision and purpose, offering the quality and craftsmanship that Rocket Espresso is renowned for, while addressing the evolving needs of modern home baristas.

DESIGN PHILOSOPHY

The Rocket NOW is based on the iconic Appartamento, with additional features that elevate its performance and usability.

This machine embodies Rocket Espresso's commitment to crafting exceptional, high quality espresso machines that deliver the finest espresso in the cup, time after time.

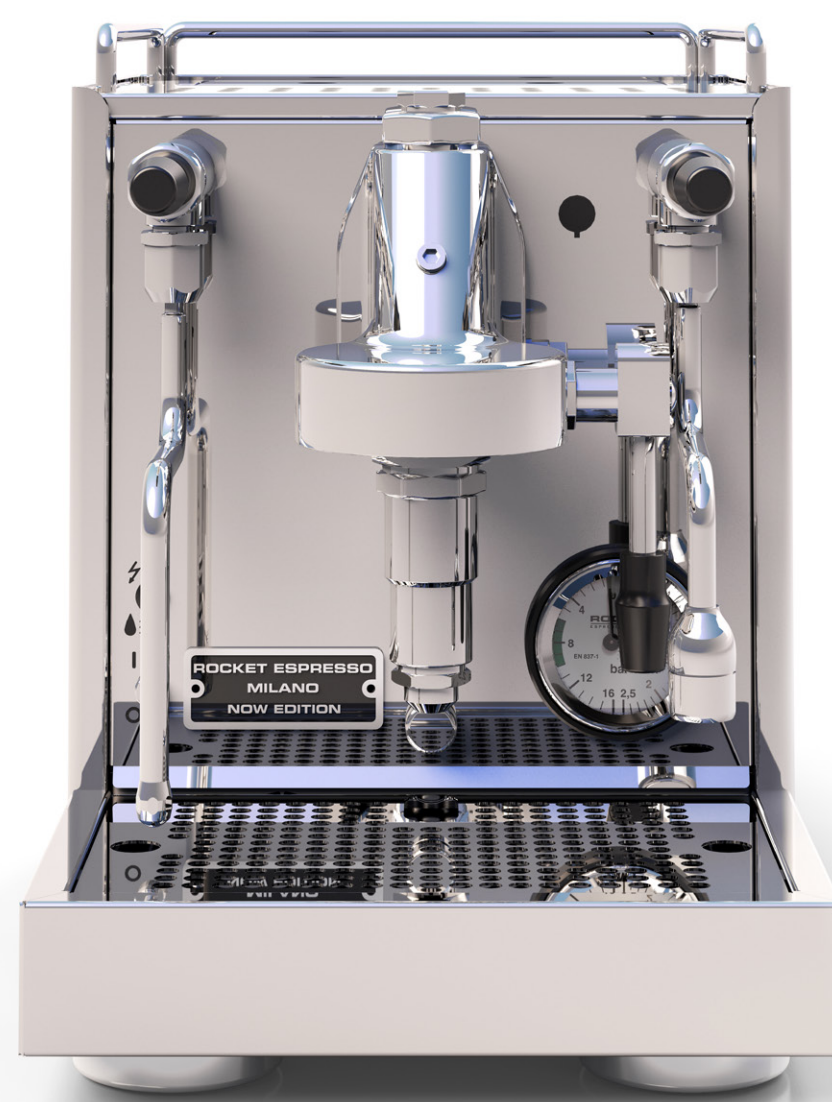

KEY FEATURES

Oversized manometer: For enhanced precision in monitoring pressure, ensuring every extraction is perfect.

Integrated and visible shot timer: Provides baristas with accurate control over brewing time, making it easier to achieve consistent results.

Larger capacity drip tray: Borrowed from the Appartamento TCA, this feature allows for longer sessions without the need for frequent emptying.

Iconic quick steam and E61 lever handles: Combining functionality with the classic design that Rocket Espresso machines are known for.

CONFIGURATIONS TO SUIT EVERY STYLE

The Rocket NOW is available in four distinct configurations, catering to a variety of aesthetic preferences:
